We're growing the largest movement to impact humanity with nonprofits, for-profits and people just like you. Fueled by single donations, our goal is to end poverty and suffering on a global scale and impact a billion lives.

We have big goals and work strategically to achieve them.

ALWAYS COLLABORATING:

Our secret to success is working with others. When we combine our abilities, our resources, and our ambitions, we can truly achieve anything.

FORWARD THINKING

We leverage new technology and ideas to bring change to people's lives. We plan ahead and consider how conditions will evolve in the future.

GLOBAL IMPACT, LOCAL FOCUS

We address all categories of suffering worldwide, but every project homes in on the specific needs and sensitivities of the communities it impacts.

AIDING INDEPENDENCE

We meet urgent needs for help, but most of our work is designed to create sustainable change so people can live stronger, more resilient lives long-term.

* This total honors the entirety of our reach, measuring both direct program engagement and the broader foundation of support created for families and households

Seeing change every day

Dear Donors,

In 2025, we all stood as witnesses to the resilience, hope and faith of the world's most vulnerable people - Across Africa and the Middle East, from Asia to Europe and into North America.

Inspired by our faith, grounded in compassion, and fueled by innovation and global giving, Humaniti stands on the frontlines in a world increasingly defined by vulnerability and disrupted by global crises of migration, displacement and refugees.

Yes, we have all seen much suffering and injustice, however we also discovered the indomitable human spirit in the laughter of orphans, prayers of mothers and the sacrifice of fathers and sons.

Hope does exist and it is kindled by your compassion and generosity. Because of you, we touched the lives of over 5 million of our global neighbours - Healed, Quenched, Protected, Comforted and Restored dignity. And the impact that has on us is indescribable.

This is the most meaningful work of our lives and it is made possible because of YOU. Your commitment fuels our mission - To leave the world better than we found it.

From all of us at Humaniti, THANK YOU for your trust and support!

With gratitude and hope,

M. Firaaz Azeez
Global Executive Director, Humaniti
